

Monday Afternoon.

Dear Mildred,

It's almost 2 o'clock already and I'll have to hurry and write this and mail it yet today. Mrs. Davis, Marceta, and I went to church last night and I didn't get to write then. We had a pretty good shower Saturday night and it was cloudy all day yesterday. It's clear today but rather cool and windy.

Ruth, Margaretta, and Clara went home this weekend so I got pretty much studying done. Friday afternoon I was at Miss Whitson's apartment all afternoon. We were working on dresses & hats for steunt night. You ought to see my hat. It's a scream! It has real big red roses on it. Went uptown with Martha Sleight, Ossie Koester, & Della Thoroughman to get flowers to trim the hats. Ossie & Della are the "cockeyedest" women I ever saw. They don't look like as if they've got them all. Friday night I studied. Saturday morning I washed & studied, & in the afternoon I went to the library. Saturday night I went to the show with Leonard Grod, the same one I went with last Sat. night. Saw "The Doctor Takes a Wife" and "Cisco Kid". Mr. Davis & Mary came home Saturday night

and went back Sunday evening. I didn't  
go to church or S.S. Sunday morning - I studied  
some more. In the afternoon Mary + I and Mr. +  
Mrs. Davis went riding a little + then I  
went to church last night.

I got an E on our Mo. History test. I  
don't know if I told you that before or not.  
It was really hard. This morning we got our  
grades from a Psychology test we had last  
week + I got an E on it too. ha! I think I  
did pretty good in that. I got the highest score  
of both Psychology classes. Mr. Rickhoff asked  
me if I had taught already. He said I sure did  
good on it. We had a Current Affairs test too  
last week but I don't know what I got  
yet.

I signed up for the softball tournament  
with Alice White's team. Her team played  
in the finals last year and lost.

We had a school show last Monday,  
"The Citadel". It was pretty good.

I have a chance to come <sup>back + forth</sup> with Cassie  
Koester to Troy for the fourth. So I told  
mom it was up to them if they wanted  
to get me + bring me back from there. She  
charges \$3. a round trip.

I'm having more fun this summer than I did last winter. Ruth is a lot more fun than Aileen. Ruth, Margareta, + I have a lot of fun together. The others are all more quiet.

Esther + Onieta were here to see me for awhile Sunday dinner when they come back from church. Onieta has a different school in Warren County now. She said the Methodist preacher's wife of Wright City has Liberty Grove school.

Lillian Holt does not have a car of her own. She goes home on the bus. She went home the other week-end she told me. She has been awful friendly to me. I see her quite often since we're practicing for the stunt; she plays the piano for the song. She told me she wanted to talk to me sometime - I don't know if she meant on business or just for a chat. I understood Martha Sleight to say the other day that Lillian was on a leave of absence for next year. I thought Lillian was teaching in W. High school, wasn't she? Or was it the grade school she taught in? I know Martha said something about that she had never heard of a small high school giving a leave of absence before.

I think "Pal" is alright. You might  
tell Neal that. ha! Mrs. Davis suggested  
"Tippy."

I guess I'd better quit. I'll have to go  
uptown to mail this yet and go to Kirk A.  
to practice our stunt at 5 o'clock. I also have  
to go to the library yet this afternoon or  
~~tomorrow~~ and I don't know when we're sup-  
posed to practice softball. So long -  
Love,

Eunice.

P.S.

The mailman is just coming  
on the porch now + if I only had  
this ready I could send it along. Heck -  
I haven't heard from Aileen yet. She told  
me she was going to write.
