

4-15-46  
Sunday Night

Dear Mildred,

Had a "summer" Sunday today again although it has been pretty chilly this week. Ma, Jo, Katherine, and I went to S. S. and church this morning and this afternoon I laid down on the bed to read my science and fell asleep and slept until 4 o'clock. So now I'll have to study tonight. Have a test in English tomorrow, the first test we've had in it except for little short "pop quizzes". I've been working on my Geography for the last few weeks. I have about 1000 <sup>(it seems like that many)</sup> map locations to look up and I'm going on the last half now. They're given in our syllabus and Mr. Hawk said we could look them up before the short spring term.

Eddie must have misunderstood about the Bluff Spring School because that's the only one I've heard from <sup>so far</sup> and I didn't get it. However, my letter was very "impresking". ha! I'll send the letter along but send it back because I want to save it. I should think I'd hear from some of the others soon because I sent stamped <sup>self-addressed</sup> envelopes to all of them.

Lileen and I looked at some rooms last week one day but didn't find anything decent. I'm thinking of taking up Mrs. Davis' offer for this summer term. She wants \$7.50 a month, which includes every-

thing - <sup>(7.00 for this)</sup> room rent, <sup>(1.50 for all this)</sup> ironing, use of kerosene stove for nothing, and refrigerator. ~~It~~ Now if I paid \$6.00 for an upstairs room here or anywhere else I'd have to pay something like this:

\$ 6.00 room rent  
.40 iron rent (Mrs. Davis ~~was~~ charges this or .10 on tr. as we prefer).  
.50 for refrigerator or if I bought ice it would probably be more.  
.20 for kerosene for a quarter.  

---

\$ 7.10

If I take the front bedroom downstairs I'll have a swell <sup>(4 windows)</sup> bed but it doesn't seem quite as private. Corinne Hilbert, the big fat girl who can play the piano so well, is renting that room, so I'd be her roommate then. I'd prefer her rather than take a chance on someone else in the middle bedroom. I kind of spoke for the front bedroom today, as Mrs. Davis likes to know what I intended to do, so I don't like to change anymore. What do you all think of it?

Aileen was looking at rooms for next fall.

This weekend they had a Spring contest here at the campus, for high schools. Aileen and I heard some of the glee clubs sing Sat. morning and then ate uptown with Mr. & Mrs. John Bebermeyer of Warrenton (Aileen's great uncle) and their daughter Lillian, who is married now & lives in Canton. Her husband teaches in the Canton High School. Did you know any of them. Mrs. Bebermeyer said she knew

Mrs. Heuman real well, and her husband used to live near her or go to school with her or something.

The Junior High gave the assembly program this Wednesday. The Glee Club sang, band played, and then they gave a few dance numbers.

Our R. I. club met in the Women's Parlor in Kirk Tuesday afternoon but it wasn't much.

I got a new permanent Friday afternoon at the Cold Shop. I like it pretty well. Mary got one Saturday morning.

His folks were here Saturday all day - that's why I ate uptown. They usually take up the kitchen until mid-afternoon.

Edgar Wein asked me the other day if I was getting a new relative soon. I didn't know what he referred to at first, then I thought of Oscar & Viola. He said he thought they were going to be married April 20 or something like that.

I think I'll quit now because its almost 8:30 and I haven't looked at my English yet. I figured it wouldn't do much good because if I don't understand it now yet I never will. A big football guy fell asleep in class the other day. We were reading in the Reader's Digest and when his turn

came he was sound asleep. Mr. ~~Stiles~~ Phillips  
said we wouldn't disturb him and told me to  
go on and read. ha!

I might take a bath yet too tonite because  
the water is hot & we probably won't have hot water  
for another week.

Love,

Ernie

I'll send the pictures back  
next time. If I don't forget.  
I don't think they're so bad.
