

Sunday afternoon

Dear Mildred,

I'll bet you can't guess where I'm writing this letter. Marceta and I decided it was too hot at the house so we came out to Beaches Park to study. It's a small park here in town. At least I got my psychology read. I didn't go to S.S. or church this morning. Mrs. Davis & Mary went but the rest of us stayed at home. It's pretty cool here at the park. We had a rain Friday night and a heavy windstorm. Trees were broken down all over town. Coming out here awhile ago Marceta & I saw a tree over two feet in diameter torn out by the roots.

Last night Ruth, Vivian Hudson, Frances Barron, & I went to the show. Saw a double feature - it certainly was good. Friday night Ted & I and a bunch of other kids went to Newby & danced again. He plays on Kirksville town team. The college doesn't have a team except the softball teams in the tournament.

Thursday night Ruth & I went to the three-act play at Kirk Auditorium - "Going Places" was the name.

JKPST
We had our last softball game
Wednesday + won 6 - 37 or something
like it. I think we get 2nd or 3rd place.

I can't think of much to write.
I have to write an orchestration of a song
for a rhythm band. It's due Tuesday
& I haven't started it yet. I guess I'll do
it tomorrow. Mary said she'd help me.
I don't even know how to start it. I got an
S on a psychology test. Also had a test in
Mo. History but don't know ^{yet} what I
got. Friday, I have 3 briefs due for
Psychology - have I written now.

Thursday afternoon we have
Current Affairs finals + also have a
school show. I don't know why they're
having them the same afternoon because
we can't go to both. I suppose they
probably forgot.

Tuesday evening St. Charles +
Warren County group are going to
James' Cafe for supper. We're going to
do that instead of going on a picnic.

I don't know of anything

like to write, It's about 7 o'clock
so I guess we'd better go home. I
think I'll quit & see if I know anyone
later.

Monday noon -

It's two o'clock now & we're just
through with dinner. Stop. - - -

It's three o'clock now, ha! I
just got started and Mary was ready to
help me with my music, so I quit.
Wire thru already, she wrote it all out
for me.

I almost forgot - if you see
mom sometime soon tell her that
I might need about another dollar & tide
me over. They can send it sometime
soon so I get it about Tues. or Wednesday.
I have \$1.80 but I don't know if that
will be enough.

Last night Francis, Gene Baker, Vivian,
Bob Gingrich, Ted, & I went riding in Gene's
brand new car which he got yesterday.
We went to La Plata, came back & went to
the Campus Club, & then to Chocoma.

Well I guess I'll quit now. I'll have to
make a trip uptown to mail this. If I get

my studying done this afternoon I'm
going to the Nemo Stamp Club tonight to
see what it's like. If I like it I'll
join next fall. Excuse the scratching.

Be sure + tell me Love,
everything that happens
while Aunt Annie is
there. Gertrude
