

Tuesday night

Dear Mildred,

I suppose you thought that I was never going to write. Last night after school I started on my applications and didn't get to write and this evening the school kids talked me into taking them on a hike, or rather they took me. I didn't get your letter until yesterday; it was misssent to Gore.

I wrote applications to Pond Fort, Fairmount, and Femme Osage and I'll probably write to Wentzville and ~~Clarkdale~~, too. Is Clarkdale Erna Gublerman's school? I get all the schools mixed up + don't know which is which. That's all the addresses that I have. Esther said Mom wanted me to apply for Schluersburg school but I don't know who the directors are. I talked to Hayden Saturday and he made me so mad. I thought maybe he would know something about Town schools but he told me to go ahead + apply for the schools down there.

P.S. I just happened to think. Should I put in my application here or not? Will they offer me the contract even if I don't apply again?

He said my credentials were still on file in the Bureau of Placements so that should take care of that. I don't know how to find out about Wash., Warrenton, + Tracy because it seems that those schools so far away very seldomly inquire about teachers up here.

Today is election day. I guess my recommendations are still good, at least I haven't heard any complaints. I don't think there is much doubt but what I'll get my contract again, of course you can never tell. How long can I hold the contract without signing it. That's what worries me.

I went to Kirksville last Friday evening ^{with Ruthford} + came back Sat. evening. Went to the Prom Friday night + had a pretty good time. Thursday + Friday nights were contest nights at Unionville. Mrs. Ruthford got the plays from me but I don't think she is using them yet. She wanted to use them for the Upper Grades for our contest, but as yet there isn't any contest.

Sunday morning I got ~~a~~ a Sunday

School class started at the Methodist
~~Sunday~~ church. I had seven in my
class, all out of my room except one, and
there were 24 at church altogether. A
record crowd. I think some of the others
will come Sunday.

We are still having spring weather.
Mrs. Huston started her garden today.

I sure have to get to work on
my correspondence work but I don't think
I ever will.

Can't think of any more so I'll
go back to my applications now.

Love,
Eunice
